## QNB'S FIRST TAKE A CHILD TO WORK DAY PROVES SUCCESSFUL

QUAKERTOWN, PA (31 May 2011) On Thursday April 28, nine middle and high school students (relatives of QNB employees) took a behind-the-scenes tour of QNB Bank. They were given a snapshot of what their relative does, exposed to life-changing financial truths, and tools to determine if a career in banking lies in their futures.

Topics included forensic science at the Bank, guidelines for your first job interview, Bank security, working as a Bank's lawyer, charitable giving opportunities, spending money wisely, how to save money, first time banking advice (like how to write a check and balance a checkbook), and making money through investing. The conclusion to the day included a guided facilities tour, pizza party, and game show trivia contest. In response to the question, "Do we do it again in 2012?" QNB President Dave Freeman replied "99.9999% yes!"
